Updating Already Submitted Data by CEDEN Team

(This process does not pertain to changes to taxonomic data)

Identify conflict

↓

Develop alternatives

↓

Describe pros and cons (including number of records/projects that would need to be changed, etc.). This should include an attempt to contact data providers impacted by the alternatives for information on impacts that the alternatives may have on that provider's data

↓

Send proposal out on Lyris for comments

↓

Post for 30 days for comment (any comments should be submitted to ceden@waterboards.ca.gov)

↓

Are substantive revisions to the proposal necessary?

Yes →

No → Send out final decision notification on Lyris

↓

Make changes or explain why the changes won't be made

Version 1; August 20, 2015
